

Workshops last between 40 and 60 minutes and may take place in our indoor classroom or outdoor classroom facilities. All workshops are led by a qualified teacher and may be supported by additional staff or volunteers. We can tailor any workshop to suit your specific needs - just contact [Kath@goodheart.org.uk](mailto:Kath@goodheart.org.uk) ahead of your visit.

## Workshops for Key Stages 1 and 2:

### **How do hens know who's boss? (KS1 + 2)**

Learning about the social hierarchy of hens with opportunity to reflect on our relationships with others.

### **Animal artwork (KS1 + 2)**

Animal inspired arts and crafts with memorable souvenirs to take home.

### **Exploring Forest Art (KS1 + 2)**

Make beautiful concentric patterns and designs using all natural materials.

## Workshops for Key Stages 2 and 3:

### **Hands-on outdoor wildlife activities (KS2 + 3)**

These include making seed bombs, making pitfall traps for invertebrates, using pooters and identifying invertebrates, profiling a native tree species, and more. Learning all about the importance of biodiversity and conservation.

### **Animal digestion (KS3)**

A closer look at how the digestion process works in ruminants and how cow burps contribute to global warming.

## Workshops for Key Stage 3 and 4:

### **Our environmental footprint (KS3 + 4)**

How do we as individuals have an impact on the planet's health? Learning about the many ways humans can harm and heal our planet.

### **Food for thought (KS3 + 4)**

Ethical discussions around the way we view our food and global food security. Is it possible to feed a growing population without animal suffering?

## Suitable for all ages and abilities:

### **Help keep our animals brains ticking**

Learning about the importance of mental stimulation for captive animals: design innovative enrichment toys for our animal residents.

## Suitable for small group sizes and animal assisted therapy groups:

### **Animal husbandry classes**

Caring for our horses, includes health checks and grooming.  
Caring for our hens, includes health checks and accommodation cleaning.
